

JAM1.2 Offer DMP service in production (definition of service provisioning model, business model and policies)

Lead Beneficiary	
Author	JA1.1
Means of verification	The openDMP tool (now called ARGOS) is available within the openAIRE framework: https://opendmp.eu/home
Due Date (month)	M24
Content	The openDMP tool is now accessible from the openAIRE. There is more work being done on the integration, but now it is visible and in production.
